Lr. No. ITEC-14/GiT/1/ITE&C/2017 Dated: 09.11.2017

Sir,

Sub: Request for mobilization of Engineering girls from Colleges for Hackathon part of She Builds Tech - "Woman of the New Millennium Series" (Road to GES – Global Entrepreneurship Summit 2017) hosted by Microsoft in association with Girls in Tech Foundation on 25th and 26th November, 2017 at Microsoft, Gachibowli, Hyderabad. Deadline is: November 15th, 2017 -Reg

Ref: Email received from Sree Divya Vadlapudi, Chairman, Girls In Tech Foundation

Digital Technologies have enabled Global enterprises to expand their business to new markets and gain business efficiencies. But the benefits of Digital technologies have not yet reached the Social Entrepreneurs and SME segment due to several challenges like Cost, lack of awareness and technical skills etc.

The United States and India will co-host the 8th annual Global Entrepreneurship Summit (GES) November 28-30 in Hyderabad, India, focused on supporting women entrepreneurs and geared towards fostering economic growth globally. The 2017 GES theme is Women First, Prosperity for All and aspires to have women represent at least 50 percent of entrepreneur and investor attendees. There will be approximately 1,500 delegates invited through a closed application process, including 400 U.S. entrepreneurs, 400 Indian entrepreneurs, 400 international entrepreneurs and 300 investors. The focus sectors will be Energy and Infrastructure, Healthcare/Life Sciences, Fintech/Digital Economy and Media and Entertainment.

In this regard SheBuildsTech proposes to conduct a Hackathon to support Global Entrepreneurship Summit 2017 by bringing together 200 Computer Graduate students from Engineering colleges. With guidance from technology partners, students will solve the use cases and problems statements given by women entrepreneurs. Microsoft Azure will be the core platform for this Hackathon.

In this connection you are requested to mobilize at least 100 Computer graduate girl students from the colleges.

Guidelines: "Applications are invited only from girl students" with the following guidelines:

1. Who are between the age of 20 to 25

2. Have good proficiency in English
3. Innovative thinking and ability to simplify solutions
4. With coding ability in web, server technologies and single page architecture frameworks (HTML, CSS, Bootstrap, Javascript, Angular JS, Node JS, Java, C#, Azure).
5. Participation on two days is mandatory in order to get the certificate from Microsoft, Girls in Tech Foundation, US Consulate General Hyderabad and Wave Labs (Including Road to GES).
6. Participants must bring their own laptops.
7. Accommodation will be arranged and outstation participants are expected to arrive Hyderabad on 24th Nov evening itself.
8. Selected participants must make their own travel arrangements.

Following is the application form: <https://goo.gl/forms/1VoXS7VEeMelmIPGz>

The GIT team contact details are as following:

1. Nidhi – 9866050306
2. Swetha - 8008546339
3. Nethra – 9989992787

Important note: The selections will be done on first-cum-first selection basis who meet the selection criteria. Inform the students to apply early and to not to wait until the deadline. Deadline is November 15th, 2017.

Each college/university must allow the girls to compulsorily apply online and also share the students applications list with us mandatorily, along with a faculty (Female preferred) who will be the SPOC from the College and also accompany the girls to Hyderabad.

This may please be treated as important and urgent. For any queries, please contact Miss. T. Shalini, Project Manager, Contact – 8008051188, eMail – pmu.shalini@telangana.gov.in)

Yours faithfully

SD/-

Prl. Secretary ITE&C
