INSTITUTE INDUSTRY INTERACTION REPORT

An ongoing interaction between the Industry and institute is an essential one. The main goal is to promote closer interaction between the academic and industrial fields. The purpose of visit is to find out the gap between need of the industry and end product of the institute. It provides an excellent platform for both the students as well as the faculty members to be aware of industry expectations from the graduates.

In view of this the Virchow Biotech industry team visited our college on 18/06/2022 and interacted with the Principal of Geethanjali college of Pharmacy. The aim of the industry is to provide best services for global pharmaceutical companies at affordable price with high quality in a timely manner.

As per the interaction, Principal discussed about the job offer for students with gender equality. The company accepted to provide training-based internship for merit students. At the time completion of internship period, merit students will be given opportunity to work in company. Also they accepted to allow the students to visit the company. Hence it is planned to make the visit with a smaller number of students.

Hopefully, the interaction will be useful to enhance the training and placement activities. Also, visit of faculty to industry for study and discussion on subjects of mutual interest.

Report on Conduction of Guest Lecture

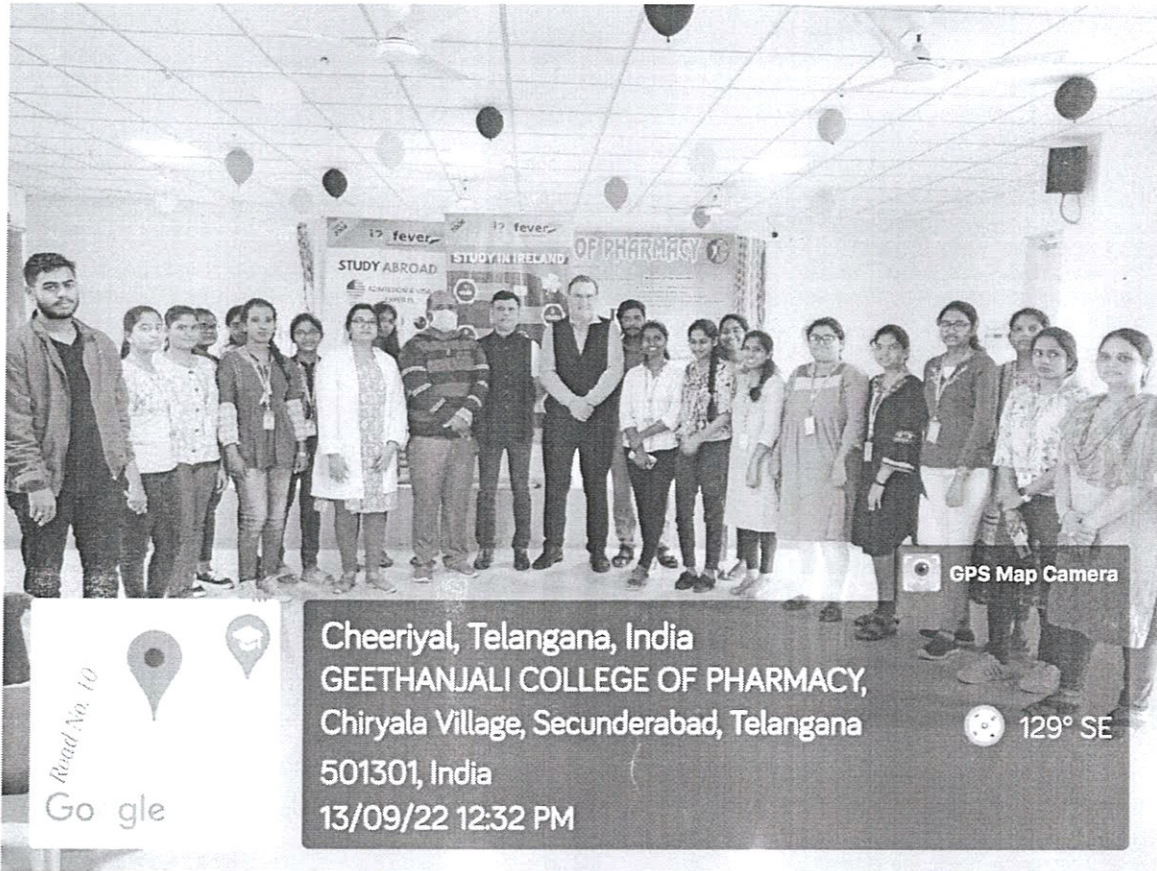

The Department of pharmacy had successfully conducted a guest lecture on "**Overseas Education**" by Mr. David from i20 fever (International Education Consulting Company) organized in association with the **Career Guidance Cell** of **GCPK** on 13th September 2022 in our college seminar hall at Geethanjali College of Pharmacy.

In welcome speech, Prof M. Ravi Kumar Principal, Geethanjali college of pharmacy expressed his word of gratitude to the guest of honor Mr. David, i20 fever (International Education Consulting Company) and addressed students regarding the content of the lecture. The guests were felicitated with a flower pot.

The Guest Lecturer gave a brief note on higher education opportunities in Ireland. The country is home to leading global MNCs, second most attractive country globally for FDI- after Singapore. Faculty and students obtained knowledge about top universities of Ireland where it provides all type courses, it is one of the countries which speaks English in Europe. Studying in Ireland makes our education easy and broaden our view. Higher education in Ireland consists of universities, institutes of technology, colleges of education, and specialist colleges. Side by side with technology courses, the institutes of technology cover a wide range of vocational programmes in subjects including hospitality, healthcare, media, textiles, etc. Specialist colleges on the other hand offer courses in a single subject area. Overseas education in Ireland attracts a major chunk of Indian students in literature, technology, communications, history, and environmental studies.

It was an interactive session between the students and the Guest Lecturer. Students clarified their doubts regarding higher studies and the job opportunities in the same field. He then concluded his talk by advising the students to plan for a smaller yet complete methodology and attaining proper skills in the same. Over all program of guest lecture went on smoothly and got good responses from students.

The content covered was beneficial for the students and faculty by imparting the knowledge of various career opportunities and challenges a pharmacist has to face in order to be successful in his career.

Report on Utilizing of R&D Facilities at Dr. Macs Bio Bio Pvt. Ltd

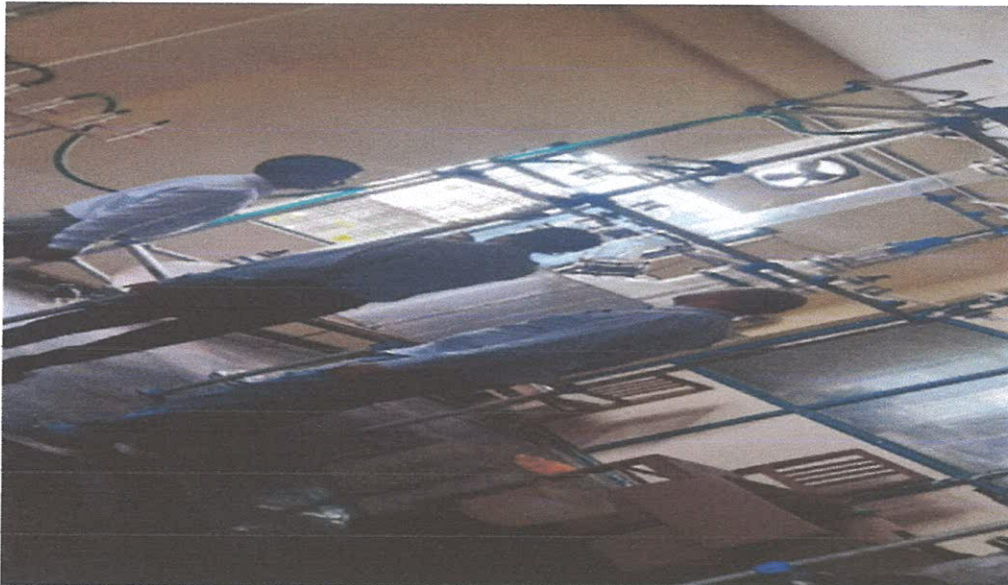

With industry and academia collaboration, most companies and organizations can improve their business performance by having access to many new ideas and thoughts from young minds while also extending their capabilities and expertise.

Industry and academia are like two sides of a coin and need to coexist for the growth and development of any nation. The education system is designed to prepare students for their future careers and also collaborate closely with the industry to understand the needs of the industry so that students can be prepared accordingly with a dynamic curriculum and pedagogy.

Industry and academic collaboration have become important because they support students' transition from educational institutions to the corporate world. It comes with many benefits and goes way beyond just placements. Let's look at the benefits of industry and academic collaboration:

Skill and Knowledge Development: When considering academics, industry, and academia, partnerships offer a platform for students to understand and develop capabilities to address challenges and issues with practical alternative solutions and options.

“Important goals of the collaboration include improving opportunities for students and faculty and positioning these places to be more attractive in the future,”

Prof. Dr. M. Ravikumar & Prof. Dr. R. Sivakumar, Geethanjali college of pharmacy has visited Dr. Macs Bio Pvt. Ltd on 23.01.2023 and interacted with Director of Macs Bio Pvt. Ltd.
